

Call Hollywood

What's a book that you think should be made into a movie? Write a letter to a movie studio telling them about the book and why it would make a successful movie.

Keep in mind: Be sure to tell them something about who you are and why they should listen to you.

Bonus: Would you suggest doing anything different in the movie version? A different ending, for example, or changing or eliminating a character? Why? (Use the back of this page to write.)
