
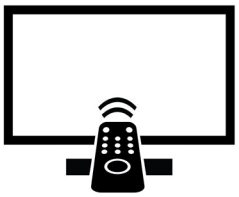
Teen reality



Imagine that the local TV station wants you to help them design a reality show starring kids your age. What kinds of scenarios would you suggest?

Keep in mind: Describe the location, the number of participants or contestants, and the setting. How would kids audition to be on the show? How do contestants get eliminated? Is there a final prize? Why would people want to watch this show?

Bonus: Would you want to be on a reality TV show? Why or why not? (Use the back of this page to write.)
